Get into the right habits when investing your money - The INC and AMF launch a new

information campaign

Published on November 19, 2013

The French National Institute for Consumer Affairs (INC) and the AMF have teamed up once again to help retail savers get into the right habits when investing their money. A new five-programme series will explore key areas, including deciphering financial product advertising; knowing what to do when faced with an investment that may look exactly like a financial product but is not actually one; measuring the impact of expenses on a product's final return; and identifying people or firms that are not authorised to sell financial products.
